

Technical Data: ARO Chair

Silk & Wood Interiors

Product Overview

The **ARO collection** is a heartfelt tribute to design excellence and to the generations of artisans who've preserved their craft. Born from a long-standing collaboration between designer and maker, **ARO** is a synthesis of deep material knowledge, refined workmanship, and meticulous attention to detail.

Each piece reflects not just elegance, but legacy.

Technical Specifications

Feature	Description
Frame	Crafted from solid ash wood , expertly worked to highlight traditional joinery and superior cabinetmaking. A noble material that brings both strength and warmth to the design.
Seat Cushion	Built with high-resilience HR foam (30 kg/m³) and an additional 35 kg/m³ soft layer , offering exceptional support and comfort. Encased in a 150g thermo-sealed silicone fiber cover for enhanced softness and durability.
Backrest	Includes a soft-touch cushion filled with triafil fiber , encased in a multi-compartment inner liner to prevent clumping and maintain form. Offers long-lasting comfort and elegant posture support.

Dimensions (Approximate)

Measurement Size

Width	72–75 cm
Depth	80 cm
Height	85 cm
Seat Height	42–44 cm
Weight	~22–24 kg

Reference: REF.012345M / Model Code: 245BU-30.6

Available Finishes

Finish Name	Description
WENGUE	Dark, espresso-toned finish with deep grain
LIGHT WALNUT (NOGAL CLARO)	Soft mid-brown, subtle warmth
OAK (ROBLE)	Clean and natural, ideal for contemporary settings

Applications

- **Residential:** Lounge chairs, reading corners, statement seating
 - **Commercial/Hospitality:** Hotel lobbies, private offices, reception areas
 - **Styling Tip:** Pairs beautifully with minimalist interiors and natural textiles like linen, bouclé, or velvet.
-
