

## Technical Data: DELTA Armchair

### Silk & Wood Interiors

#### Product Overview

Delta is a celebration of sculptural elegance drawn from nature. Inspired by the soft geometry of a pebble, the seat and back form a fluid, bowl-like structure with three rounded corners—a design detail that gives this piece its name. Delta’s organic, triangular silhouette adds calm, tactile beauty to contemporary interiors.

“An armchair as serene as a river stone—soft in form, precise in detail.”

---

#### Technical Specifications – DELTA

Feature	Description
Structure	Injection-moulded <b>high-density polyurethane</b> shell ( <b>65 kg/m<sup>3</sup></b> , <b>fire-retardant</b> – UNE EN 1021-2:06 / BS 5852:06). Internal frame in <b>16/2 iron tube</b> . Steel spring suspension in both seat and backrest for enduring comfort.
Comfort	Pebble-shaped ergonomic bowl design cradles the body while maintaining upright posture—ideal for lounge, reading, or reception seating.
