

## Technical Data: KORA Armchair

### Silk & Wood Interiors

#### Product Overview

With the same sophisticated spirit as the Arko armchair, the **Kora Armchair** introduces a **modern design** that merges **classic inspiration** with a **contemporary aesthetic**. Distinctive **metal legs** and **epoxy-painted base options** highlight a clean balance of **straight and curved lines**, giving it a timeless presence.

The seat features **formal lightness** and enhanced comfort, supported by structural elements that emphasize elegance and ergonomics.

*Note: Define upholstery detail –*

- **OP.1:** With piping → *Specify fabric & color*
- **OP.2:** With stitching → *Standard seam finish*

---
